The Green Connection

Tuesday, June 16th

8:00 am

Green Committee Meeting

Charleston Energy Efficiency Alliance Presentation

75 Calhoun Street Third Floor Meeting Room

([CARTA Route 201](#) or [210](#))

Serrafix and the Energy Efficiency Partnership

At the meeting listed above, the Green Committee will welcome back to Charleston, Serrafix, who has been studying the launch of an energy efficiency partnership. Charleston's energy efficiency partnership will be a one stop shopping opportunity for residents, businesses and institutions to receive:

confidence, building audits, efficiency recommendations for upgrades, predictions for utility reductions from the upgrades, affordable financing, contractors, and energy efficiency.

Come hear their report, ask questions and give suggestions. Then...

City Council
June 16
5pm
City Hall
80 Broad Street

Show your support to City Council as Serrafix presents their phase 1 findings and recommendations to City Council.

Atlantic Green Conference

You don't want to miss out on this two-day jammed-packed conference on green building and sustainable development! Sixteen workshops presented by leading experts in the industry including green roof systems, neighbor-

jam-packed conference on green building and sustainable development! For Those Who Missed The ACEEE Presentation...

The American Council For An Energy Efficient Economy (ACEEE) gave a presentation this morning (Friday, June 12th) on their assessment of South Carolina's energy and water efficiency. For those who were unable to attend, this presentation is available at the link below. Suggestions are the goal and will be greatly appreciated. Contact information for the speaker, Suzanne Watson, can be seen at the end of the [slide show](#).
